TO THE EDITOR:

As Benzie residents, we are very fortunate to have an efficient, versatile and convenient public transportation system.

To those of us spending time at either Paul Oliver Memorial Hospital or Munson Medical Center in Traverse City, our Benzie Buses are an endearing presence.

At any time of day, the buses are dropping off and picking up elderly and disabled patients that would otherwise be without transportation for medical services.

The drivers routinely assist patients on and off the bus and ensure they are safely in the building to be assisted by medical staff. This service alone makes Benzie Bus an invaluable asset to the community.

Remember, all of us are just a simple slip and fall away from losing our ability to travel independently. Please support the Benzie Bus on Aug. 6.
